RE: Letter of Recommendation

Dear Mr. Philippe Mata:

Your survey request is giving us the opportunity to communicate to you and your firm as to how appreciative Emyco International Inc. is for having chosen Universal Bluepoint Corporation as our insurance benefits consulting firm. We have been utilizing the services of your firm for over two years. The level of service Universal Bluepoint has consistently provided as well as your personalized assistance has both been very impressive and well received.

During our recent change in restructuring our health plan, your expertise as well as patience in providing the necessary information required was accomplished with both efficiency and professionalism.

I would recommend Universal Bluepoint Corporation to any company or business professional. Once again, thank you for a job well done and taking the time to ask our opinion of both yourself and your company.

Sincerely,

Laura Alfaro
Office Manager
Emyco International, Inc.
